This Event, organized by Kisaco Research (UK), aims to improve access and quality of healthcare for women worldwide, and is now in its sixth year. This year's event, which will be held in Switzerland, will discuss a wide range of topics including menstruation, reproductive health, and menopause, which are all closely related to women's health.

As announced in the May 8, 2023 press release titled "[Notice of Launch of "Nextstellis™" in Thailand and Commemorative Symposium](#)", Fuji Pharma Group began marketing Nextstellis™ (the development name of the Product in Japan: FSN-013) in Thailand for the indication of contraception. In our long-term vision "Vision for 2030," we have set "Contributing to well-being of women in the world" and "Expanding our business to Global Market from Toyama" as our "What we want to achieve" and "Where we want to be" at the end of FY9/2029. We will continue our efforts to contribute to the well-being of patients around the world based on our Corporate philosophy of "We help people lead healthy lives by offering excellent pharmaceuticals."
